DOUBLES INTERCLUB - ENTERING TEAM RESULTS IN ISQUASH

Team Captains will be asked to enter the results into iSquash at the end of the night of play, with the ultimate responsibility falling to the captain of the winning team to ensure this is done. Access to result entry is limited to nominated team members and users with Club Committee rights

- Login to iSquash, click on 'Interclub', then 'Interclub Events'
- Click on the interclub competition you want to enter results for (BOP Spring Doubles 2024)
- Click on 'Draw' from the menu
- Click the 'Result' button for the required tie
- Choose the correct player's names that played in the fixture from the drop down box
- On the top line enter the game scores, and leave the second line as zeros as per the example. This is just to show who the doubles pairing was for that fixture
- Check the results are correct, that the drop down box is showing '**Not Played**' and also ensure the box to 'Send to Grading' is **NOT** ticked
- Click 'Save'
- The results will still show as 'Pending' because they will not be sent to the grading list. However, on the main 'Draw' page, a tick will be shown next to the fixture to indicate the match results have been entered
- Substitutes can be only be added if dispensation or opposition agreement has been obtained prior to playing. Any substitute players added that have not received prior dispensation will be an automatic loss of points for the offending team
- Please contact admin@squashbop.co.nz if any results were entered incorrectly and need amending
